AGENCY & STAFF REPORTS

1. Water District – Mike Weintz of the Las Vegas Valley Water District
Mr. Weintz informed the Board that the LVVWD Hydrologist could not make it and will attend the next meeting.
Blue Diamond wells water levels are static, as indicated on LVVWD graphs.
Mr. Weintz informed the Board that we could access water allotments vs water usage for several surrounding areas including Blue Diamond in order to get a better idea of the overall water health of our local aquifer. This will help future discussions concerning water conservation issues in our area.
Concerns were voiced about the necessary amounts of water needed to meet air quality dust abatement requirements on the road up to the mine, to make sure that there is no unnecessary coverage. This will be investigated.

Efforts to increase awareness concerning long term aquifer water supply and water conservation awareness in Blue Diamond are ongoing.

2. Metro Officer – Officer Dan Newbury
There has been an increase in rescue calls commiserate with the increase in temperatures in the area.
3. Town Liaison Meggan Holzer reported to the Board
